1. Having noted a cable to the effect that there are irregularities in the accounts of the Finance Officer in [REDACTED] I talked to [REDACTED]; we agreed that he should insist that the Comptroller send an immediate replacement even though the incumbent will have to remain there pending completion of the audit.

3. [REDACTED] was in to give me a brief report on the Regional Security Officers' Conference [REDACTED]. He thought that it went well, and some twenty-two Security Officers from that area were present. He also commented that he thought [REDACTED] were all doing a fine job.

4. [REDACTED] called to inquire where Dr. Tietjen stood concerning the proposal to abolish the A&E Staff of the Office of Training and divide its functions between the Technical Services Division and the Medical Staff. After discussing this matter with Dr. Tietjen, I advised Tom that John had discussed the problem with Matt Baird and expected to discuss it with [REDACTED] today. In my discussions with John Tietjen, I told him that he should bring Dr. [REDACTED] into the act very early. I told him once again that I wanted only one such organization in the DD/S structure and that his problem was to work out with TSD the disposition of the A&E assets.
